

# Z - FUNNEL

**Fill your sports water bottle right from your refrigerator's in-door water dispenser – no more water spilling on the floor!**

**No drips, no spills – works with any type of sports bottle – great for camel-type hydration packs too!**

**You can also easily refill store-brand water bottles to eliminate waste!**

**Constructed of Dishwasher safe food grade plastic**

**Ergonomic design with integrated handle designed to activate pressure-sensitive in-door water dispensers**

**Wide flange designed to prevent funnel from slipping into bottle**

**Proudly made in the USA  
Patent Pending**

**Now you can fill your tall water bottle right from your fridge door.**

**No drips, no spills – works with any type of sports bottle, even camel-type hydration bags.**

**You can also refill store-brand water bottles to eliminate waste!**

**Easy-hold handle with slip-proof thumb pad.**

**Wide flange to prevent funnel from slipping into bottle.**

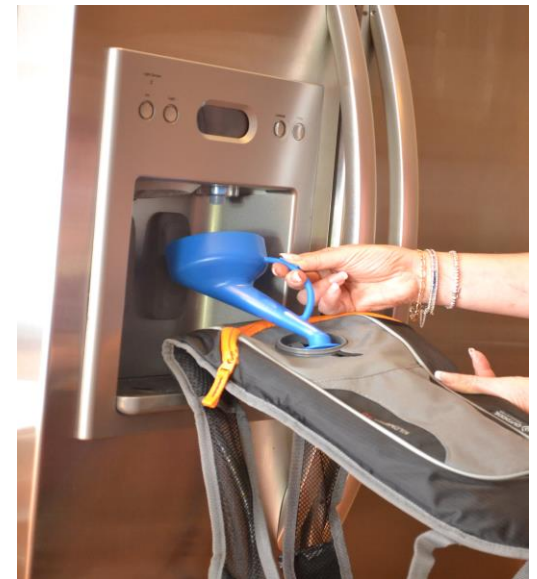

**A ton of other uses:**

**Automotive fluid changes**

**Fill salad dressing cruets and decorative olive oil bottles**

**Fill travel bottles for your next trip**

**Have trouble hearing? Use it to amplify sounds from across the room**
